

Harrisburg Oct 22 1842

Mr James Ireland

Dear Sir

I received your letter to-day containing a note of the "Farmers & Millers Bank of Hagerstown." I am pleased with the appearance of it and think favorable of the project, but I have heard that the bank has been sold to a man from the south. I do not know whether this information can be depended upon, but I shall be here again in a week or two, & by that time you will be able to ascertain all the facts in relation to it. In the mean time I will make some enquiries in New York & return you the note when we meet.

Yours truly

J. Q. Macomber.
